Preface:

The Gray Panthers are a series of multi-generational local advocacy networks throughout the United States which confront ageism and many other social justice issues. We believe that active engagement, civic participation and responsibility are fundamental aspects to the achievement of social and economic justice as well as peace. Gray Panthers works to create a humane society, one that puts the needs of people over profits, responsibility over power and democracy over institutions. We strive to eliminate injustice, discrimination, ageism wherever they exist. Lastly, an integral part of Gray Panthers’ mission is to bring together young and old, women and men of all backgrounds and orientations, to work in unison, with mutual trust and respect.

In accordance with our core mission, Gray Panthers NYC is proud to introduce an updated 2023 version of our 2016 Legal Directory. This directory was originally created to ease the challenge of finding legal resources that specifically cater to the needs of older people. Therefore, this directory outlines legal services designed for senior low-income New York City residents that deal with a variety of issues such as: housing, nursing homes, guardianship, wills, insurance, financial concerns, and elder abuse issues. The inclusion of the following legal entities in this directory does not signify any endorsement of them by Gray Panthers NYC.

This updated directory has been prepared by Breanna Walsh, Sophia Casale and Nellie Kochinari. Special thanks to Julie Flanagan for her research in preparation for the original 2016 directory. For any additional information or updates, please contact Jack Kupferman at jack@graypanthersnyc.org or visit our website at <https://www.graypanthersnyc.org/>.
